

# American Love (Burning Bridges Album Version)

## Haste the Day

Exchanging beauty for the ashes  
Given my heart to nothing real  
Exchanging beauty for the ashes  
Given my heart to nothing real I've given my heart away to so many things  
So many times I've failed  
Help me stop this endless cycle  
Remind me of how it can be Take me back, I surrender all  
Without you my heart is broken I never should have let you go  
I never should have let you slip through my arms  
I never should have let you go  
I never should have let you slip through my arms As the sun sets tonight  
(I never should have let you go)  
I'll hold you with all that I am  
(I never should have let you slip through my arms) As the sun sets tonight  
(I never should have let you go)  
I'll hold you with all that I am  
(I never should have let you slip through my arms) As the sun sets tonight  
(I never should have let you go)  
I'll hold you with all that I am  
(I never should have let you slip through my arms) I never should have let you go  
Promise me you'll stay with me forever, forever  
I never should have let you go  
Promise me you'll stay with me forever, forever  
I never should have let you go  
Promise me you'll stay with me forever, forever Forgive me for running so quickly to the outside  
Forgive me for running so quickly to the outside
