Don't stop
The bass is kicking
The bass is kickingI know, you're gonna want me, but when you want me
, it might be a different storyI know, you're gonna want me, but when you want me
, it might be a different storyI know, you're gonna want me, but when you want me
, it might be a different story
Shake your body, shake your body
Shake your body, go way downI know, you're gonna want me, but when you want me
, it might be a different story
Shake your body, shake your body
Shake your body, go way downI can't go on, stop rockin' the tune
