

Shine On

SOiL

Shine on me
With more than
I ever thought I hadMake me see
The release
In the words that I've sharedShine on me
With more than
I ever thought I hadMake me see why
I should not fade away
Let me feel where you standWe've shared fears of no use
We've shared fears of self-abuse
Let me feel where you stand
I feel what you feel
And you know what I know
The only way to make it right
Is to keep it realThis will not fade away
We've lived every word we've screamed
Together, hearts in handYou thank me for being me
Well, thank you for allowing me
To be just who I amI feel what you feel
And you know what I know
The only way to make it right
Is to make it realI feel what you feel
And you know what I know
The only way to keep it right
Is to keep it real
We will not go away
We will not fade away
No matter who I amWe will not go away
We will not fade away
No matter who I amShine on me
With more than
I ever thought I hadMake me see
The release
In the words that I've sharedI feel what you feel
And you know what I know
The only way to make it right
Is to make it realI feel what you feel
And you know what I know
The only way to keep it right

Is to keep it realWe will not go away
We will not fade away
No matter who I amWe will not go away
We will not fade away
No matter who I amShine on
