

# Creature

## Asking Alexandria

Deep in the shadows I'm fighting a battle  
The creature wants me screaming, screaming  
I think I'm losing, tired of choosing, I'm slipping down  
I can't stop screaming, screaming I'm living a lie, there's a creature hiding inside of me  
Black as the night with a cold dead heart and a lust for sin  
So I shut it out, I bottle up, I hide it from the world  
If I let it out I don't know what I'll do  
There's a creature inside of you too I can't just turn to the menace I've clung to  
The creature wants me screaming, screaming  
I can't determine, I'm sure that it's hell bent on breaking out and  
Hearing you screaming, screaming I'm living a lie, there's a creature hiding inside of me  
Black as the night with a cold dead heart and a lust for sin  
So I shut it out, I bottle up, I hide it from the world  
If I let it out I don't know what I'll do  
There's a creature inside of you too So I shut it out, I bottle up, I hide it from the world  
If I let it out I don't know what I'll do  
There's a creature inside of you too I can't hold back.  
I can't hold back.  
I can't hold back. So I shut it out, I bottle up, I hide it from you  
If I let it out I don't know what I'll do  
There's a creature inside of you too So I shut it out, I bottle up, I hide it from the world  
If I let it out I don't know what I'll do  
There's a creature inside of you too
