

# Ottawa to Osaka

## Chairlift

Ottawa to Osaka  
The lessons you learn  
Racing beyond the islands of desire and time  
Ottawa to Osaka  
I listen to the earth  
Chasing the rising tide, I am  
The light at your side Only us were more gasoline and a stick of butter  
Now everyone's asking why we don't look back, we're foreigners  
Now everyone's asking why we do not talk like foreigners  
All we need is mascara  
Incognito taxi  
Now everyone's asking why we don't look back, we're foreigners  
Now everyone's asking why we up and left for  
Ottawa to Osaka  
The lessons you learn  
Racing beyond the islands of desire and time Now everyone is asking why we do not walk like them  
Everyone is asking why we do not talk like them  
Everyone is asking why we do not walk like them  
Everyone is asking why we do not talk like them  
Everyone is asking why we do not walk like them  
Everyone is asking why we do not talk like them  
Everyone is asking why we do not walk like them  
Ottawa to Osaka  
The lessons you learn  
Racing beyond the islands of desire and time  
Ottawa to Osaka  
I listen to the earth  
I am the operator of the marble-lit sky
