You Can Depend on Me

Lester Young

Though you say we're through,
I'll always love you
And you can depend on me
Though someone that you've met
Has made you forget,
Honey, you know you can count on meWhen I wish, I wish you success
And loads, loads of happiness
But baby, I gotta confess
I'll be lonely
If you ever, if you ever need a friend,
I'll be yours until the end
And you can depend on meI wish you success
And loads of happiness
But, darling, I gotta confess
I'm gonna be lonelyOh if you ever, if you ever need a friend,
I'll be right by your side 'til the end
And you can depend on me
You can depend on me
