

# The Way You Like It(Sam Citrin

## Adema

I'll get inside you  
I'll get inside you Don't live with shame, 'cause feelings change but fame remains  
The reason why your gonna want to take me home tonight  
It's all the same up in this game, the people change  
And money claims everyone from everything  
I can't believe that you would think that shit of me  
I was amazed at the torment that you put me through  
If you can see right through the greed and all your needs  
You realize that you were just about as bad as me Sometimes I only remember the days when I was young  
Nowadays no one remembers when they were young and stupid  
(The way you like it)  
Come on baby help me, someone to confide in  
(I'll get inside you)  
Now you're beggin' me to stay  
(I'll get inside you) My life has changed but fuck the fame, I'll stay the same  
You can't complain when you can pay the bills and do your thing  
Appreciate, don't player hate, congratulate  
I miss the pain and the torment that you put me through  
(I'll get inside you)  
So what's to fear when everything is crystal clear  
You realize that you should do the things you want to do  
Don't give in to what people say, don't be ashamed  
To separate the feelings on your mind you can't sedate  
(I'll get inside you) Sometimes I only remember the days when I was young  
Nowadays no one remembers when they were young and stupid  
(The way you like it)  
Come on baby help me, someone to confide in  
(I'll get inside you)  
Now you're beggin' me to stay  
I'll get inside you  
Now you're beggin' me to stay  
(I'll get inside you) You would always say I'd never be shit  
They would always say I'd never be shit  
But look at me now, look at me now  
Now you're beggin' me to stay  
I'll get inside you  
Now you're beggin' me to stay The way you like it Sometimes I only remember the days when I was young  
Nowadays no one remembers when they were young and stupid  
(The way you like it)

Come on baby help me, someone to confide in  
(I'll get inside you)  
Now you're beggin' me to stay  
Sometimes I only remember the days when I was young  
(I'll get inside you)  
Nowadays no one remembers when they were young and stupid  
(The way you like it)  
Come on baby help me, someone to confide in  
(I'll get inside you)  
Now you're beggin' me to stay  
(I'll get inside you)  
Now you're beggin' me to stay  
(I'll get inside you)  
Now you're beggin' me to stay  
(The way you like it)
