

# Never Leave Me Alone

Nate Dogg

[chorus]

Never leave me alone (never leave me alone)

Leave me alone (never leave me alone)

Never leave me alone (never leave me alone)

Leave me alone (never leave me alone)

Never leave me alone They tell me that temptation, ooh, is very hard to resist

You tell me that you want me, I tried to hide my feelings, d-o-g's

Ain't supposed to feel like this

You can call it what you want to

But I don't even know what it is

You've got me singin' in the morning, you bring me breakfast in my bed

And when it hurts you rub my head

I'll ask you one time only, baby, won't you be there when it's hectic

When I don't have a hit record (never leave me alone)[chorus][nate dogg]

I've traveled so many places, I've seen so many faces

There were times I didn't think I'd make it through (alone)

I went through so many phases, that got me so many cases

Three strikes you're gonna' then what you gonna do

I guess I'll call my lady, and tell her to kiss my baby

They tell me that crime is all I know how to do

Tell him his daddy's sorry, let him know all about me

There's one more thing I really want you to do[chorus]Somebody was naughty when they snitched on me

And the judge just sentenced me to do about a century

I'm mobbin' through the county mainline

Back in 9500 just tryin' to handle mine

Spittin' game at the homies about the good ol' days

As we try to pass time waiting for the chain to chino

I see no reason to cry but I miss my baby boo

And my nigga spanky too

It's true that the dirt I did from an o.g. to a snotty nose kid

Got me caught up in the rapture like maze days gone by

And real g's gon' cry

But I try to walk the yard with my head to the sky

And hope my baby boo ain't fucking niggas on the outside

But what's the chance it ain't cracking

If I was out and she was in I'd probably be macking

I can't lie

So I say I would now my girl in a world of playahood

A player should show a nigga love and look our

But the niggas I know would probably turn your ass out  
So keep away better yet stay away  
And hope I get out one day, ok  
But if I don't I guess this is home  
My girl is trippin' she got a block on the phone[chorus]
