Lay It Down

Ratt

I know you don't really know me
I know you don't really care to see me
I'm into total affection
Not being scared if you never please meYou know you really want to lay it down
Right now and how
I know you really want to lay it down
Right nowLay it down, lay it down
Lay it down, lay it downUnder the sheets you will find me
I know that nothings for free
You take what's good for your pleasin'
I'll take what's good for this crazy eveningYou know you really want to lay it down
Right now and how
I know you really want to lay it down
Right nowLay it down, lay it down
Lay it down, lay it down
Lay it down, lay it down
Lay it down, lay it downAnd I know you only want romance
I'll give you all that I can
If you give me just one chance, to prove myself
In loveLay it down, lay it down
Lay it down, lay it down
Lay it down, lay it down
Lay it down, yeah yeah yeahLay it down, lay it down
Lay it down, lay it down
Lay it down, lay it down
Lay it down, lay it down
