

Hold Me

Savage Garden

Hey yey, if we can't find a way out of these problems
Then maybe we don't need this
Standing face to face
Enemies at war, we'd build defenses
And secret hiding places I might need you to hold me tonight
I might need you to say, "It's alright"
I might need you to make the first stand
Because tonight, I'm finding it hard to be your man
(You hold me tonight)
(Say, "It's alright") Hey yey, more than angry words I hate this silence
It's getting so loud, well, I wanna to scream
But bitterness has silenced these emotions
It's getting hard to breathe
So tell me, isn't happiness
Worth more than a gold and diamond ring?
I'm willing to do anything, to calm the storm in my heart
I've never been the praying kind
But lately, I've been down upon my knees
Not looking for a miracle
And just a reason to believe I might need you to hold me tonight
I might need you to say, "It's alright"
I might need you to make the first stand, yey
Because tonight I'm finding it hard to be your man Do you remember not long ago?
When we used to live for the night time
Cherish each moment
Now we don't live, we exist
We just pull through our lives, so alone
That's why you've got to hold me Hey yey, if we can't find a way out of these problems
Then maybe we don't need this
Standing face to face
Enemies at war, we'd build defenses
And secret hiding places I might need you to hold me tonight
I might need you to say, "It's alright"
I might need you to make the first stand
Because tonight, I'm finding it hard to be your man
(Hold me tonight)
I might need you to say, "It's all right"
I might need you to make the first stand
Because tonight, I'm finding it hard to be your man

(Hold me tonight)
(Say, "It's alright")
I might need you to make the first stand
Because tonight, I'm finding it hard to be your man
(Hold me tonight)
(Say, "It's alright")
Hold me tonight
Say, "It's alright"
