

Big Tires

Lenny Cooper

I got some big tires, 54's coming down the road
Ive got the hammer down, hear my truck roar
Tires so loud, people saying "good lord!"
You can hear me from miles away,
In a mud hole's where I stay
Come and play but some things are required
You gotta have a big truck and some big tires
Lookout it's the monster truck
Reving up, to get the crown pumped
These big tires get caked up
pullin off the line making deep ruts
We take it serious, this ain't a game
These trucks gone wild man it's insane
Stacks through the hood, blowing flames
Slinging rooster tails as high as aero planes
We getting loose, we're a crazy gang
Trucks lined up like a crazy train
This is what we do there ain't no stopping us
Driving over cars in our big trucks
It's now or never the sky's the limit
Jack em up is how we living
If you don't feel it then you wanna ask why
something about a big truck and big tires
I got some big tires, 54's coming down the road
Ive got the hammer down, hear my truck roar
Tires so loud, people saying "good lord!"
You can hear me from miles away,
In a mud hole's where I stay
Come and play but some things are required
You gotta have a big truck and some big tires
Fall up, Rocky Ridge, tell him I need me a monster lift
For my super swampers, yea they boggers
Tearing up the woods just like a logger
I'm climbing rocks, straight up to the top
ill make you so scared youll jump out your socks
I'm always ready, its balls to the wall
Sometimes it's slips and close calls
But it's fun and that's what it's all about
Mud bogs and wilein out riding down the dirt roads to find the spot
Switching gears and being fully locked
It is what it is and what I desire
My Chevrolet can do a all nigher

Yeah, it's big truck, damn right
With what? You know, big tires I got some big tires, 54's coming down the road
I've got the hammer down, hear my truck roar
Tires so loud, people saying "good lord!"
You can hear me from miles away,
In a mud hole's where I stay
Come and play but some things are required
You gotta have a big truck and some big tires Big tires coming down the road,
I'm on the way to a truck show
Now I'm on the scene and all eyes on me
Big tires on a truck that's the real clean
I'm big time country stunting, yeah I'm bumping, let me tell you something
This pretty ass blonde, walks on up and says
Excuse me but can I ride in your truck
I said hell yeah girl, climb on up
Now it's time to ride, it's party time
We riding high, it's southern pride
a great time to shine and you to be mine
With white tees with mud stains, raisin hell
doin out thing so drop your chain and hook it on up
To my big truck, with big tires I got some big tires, 54's coming down the road
I've got the hammer down, hear my truck roar
Tires so loud, people saying "good lord!"
You can hear me from miles away,
In a mud hole's where I stay
Come and play but some things are required
You gotta have a big truck and some big tires
