

Beautiful (Original Radio Version)

Patrick Nuo

Like a thunderstorm on a summer day
She came out of nowhere and that can say
She's a supernova shinin' through the night
A never sleeping satellite She's a damn good reason for the sun to rise
When you see her smile in the morning light
When she cries, she cries a wishing well
Played hide and seek with the hounds of hell She throws you down to take you high
Into her private sky She's so
Beautiful beautiful beautiful beautiful beautiful
Beautiful beautiful beautiful beautiful beautiful
Magical, mystical, irresistible, cosmical
A wonderful overkill and most of all beautiful
Ooooh ooh ooh aha
Ooooh ooh ooh
She's so ooooh ooh ooh
aha ooooh ooh ooh
Beautiful
mmh so beautiful You wanna call her name from the highest hill
And she's better than a 5-million-dollar bill
She swims with you to atlantis' coast
To keep you safe while the world explodes She's diving down to keep you high
Inside her velvet sky She's so
Beautiful beautiful beautiful beautiful beautiful
Beautiful beautiful beautiful beautiful beautiful
Magical, mystical, irresistible, cosmical
A wonderful overkill and most of all beautiful
Ooooh ooh ooh
She's so beautiful
She's so ooooh ooh ooh
Aha ooooh ooh ooh
Beautiful She's a mermaid who's left her fairytale
She wrote a brandnew song for the nightingale
Sometimes I think she's invented but
Thank-god she's made of flesh and blood. She's everything I've ever missed the more
But most of all she is Beautiful beautiful beautiful beautiful beautiful
Beautiful wonderful powerful magical mystical
Irresistible overkill and most of all beau-ti-ful
Ooooh ooh ooh aha
She's so beautiful

She's so oooh ooh ooh
Aha oooh ooh ooh Repeat several times
