

# It Should Be Easier Now (Curtis Potter)

[Willie Nelson](#)

Now that I've made up my mind you're gone it should be easier now

Perhaps now my heart will stop hangin' on it should be easier now

The lesson I learned from you gold can't buy

A heart can be broken and still survive

Thanks to you now a much wiser man am I and it should be easier now  
The worst now is over I've stood the test  
it should be easier now

They say everything happens for the best and it should be easier now

The wounds in my heart you carved deep and wide

Hollowed and washed with the tears that I've cried

But now there'll be more room for love inside it should be easier now
