

# Caught In a Whirl

## Baby Woodrose

Did you think you life would turn and change, girl?  
Did you think it just could stay the same, girl? Did you find  
You just got caught in a whirl  
Caught in a whirl Did you think you'd get so carried away, girl?  
Now, do you wanna leave or do you wanna stay, girl? Do you find  
You just got caught in a whirl  
Caught in a whirl Did you think you'd get a second chance, girl?  
Or did you lift you're mind into the dance, girl?  
Did you find  
You just got caught in a whirl  
Caught in a whirl  
Caught in a whirl  
You just got caught in a whirl
