Pretty Green Eyes (Chill Out Mix)

Ultrabeat

Pretty green eyes,
So full of sparkle and such light,
Let me remind,
You chose not to cry.
Its all right,
For your lover has come home,
By your side I'll always stay,
Never have to be alone.Pretty green eyes,
So full of wonder and despair
Its all right to cry
For I'll be there to wipe your tears
And in your arms
Together we're in paradise,
And its so nice,
You'll never have to be alone (x3)Never have to be, never have to be
Never have to, never have to be alone (x2)Pretty green eyes,
So full of sparkle and such light,
Let me remind,
You chose not to cry,
It's all right,
For your lover has come home,
By your side I'll always stay,
Never have to be alone
