If I'm Not Right

Goldfinger

If I'm not right with you
Then I'm not right with anyone oh
I have to see this through
'Cause I know you're the only one
The only one
Yesterday I had the chance to make it all work out
But I shot myself so many times in the foot I had to shout
Hello, hello, hello again don't you remember me?
I'm the guy from way back when, stalking devotee
So take my hand and burn it
If I'm not right with you
Then I'm not right with anyone oh
I have to see this through
'Cause I know you're the only one
The only one
Yesterday I had the chance to make it all okay
The flowers and the ring I bought couldn't take my words away
Hello, hello, hello again could you forgive my life

'Cause everything I said was wrong, so please remove the knife
Then take my hand and burn it
If I'm not right with you
Then I'm not right with anyone oh
I have to see this through
'Cause I know you're the only one
The only one
I know it's hard to be true
I know it's hard to be true
If I'm not right with you
Then I'm not right with anyone oh
I have to see this through
'Cause I know you're the only one
The only one
[x2]I know it's hard to be true
I know it's hard to be true
