Stupid Mind

Big D and the Kids Table

Your thoughts are ripping twisting
Tearing your mind apartWay in your head God your thoughts are jumbling all around
It's not like sanity lacking it's not like you're not found
Your mind is pulling but pulling is what you cannot take
You've got to cut the line of your mind it's hanging dead weight(Chorus:)
My stupid mind come in head I fight it all the time
My stupid mind (my stupid mind
My stupid mind (mind mind)
My stupid mind come in head I fight it all the time
My stupid mind (my stupid mind
My stupid mind (mind mind)You choose your words better you choose to react your mind
You sit real cool like a fool you say it's gonna be fine
Like a drug that's in my mind I say I'm giving you up
Your wit is spit seeping down down into my cut(Chorus)Well I be sitting taking it easy on a summer's day
I have no answers to my questions but I say hey
The people and friends the ones who be keeping me in line now
You clean your thoughts with your stupid mind stupid mind(Chorus)Keeping my mind stable keeping my mind right
Just keeping my mind stable keeping my mind right
Just keeping my mind stable
keeping my mind right
Just just just just
Just keeping my mind stable keeping my mind right
Keeping my mind stable keeping my mind right
Keeping my mind stable keeping my mind right
Just just just just
Just keeping my mind stable keeping my mind right
Keeping my mind stable keeping my mind right
Keeping my mind stable keeping my mind right
Just just just(Chorus)My stupid mind becomes right my stupid mind becomes wrong
My stupid mind becomes right my stupid mind becomes wrong
My stupid mind becomes right my stupid mind becomes wrong
My stupid mind becomes right my stupid mind becomes wrong
