

# Road To Ruin

## Mr. Big

She took me down the road to ruin  
She took me down  
Hmm  
She took me down  
Back on the road to ruin Good Lord, I tried  
To push her memory to the back of my mind  
Mustang sally from her head to her toe  
My life was in shambles  
When she shot down that road That was then, this is now  
If I learned my lesson, I forgot it somehow  
Headlights in the driveway  
A knock at the door  
I hear that voice and I know what's in store  
Whoa oh whoa oh  
I looked in those angel eyes  
Whoa oh whoa oh  
The devil was in disguise, yeah (She took me)  
She took me down the road to ruin  
My head was spinnin' round  
(She took me down)  
Don't know what I'm doin'  
Back on the road to ruin Woo (Listen)  
Hip hips, sexy legs  
Ain't no surprise I got on my knees and begged  
Forked tongue and pointed tail  
If we make it this time, it's a cold day in hell  
Whoa oh whoa oh  
She said she'd be sweet this time, yeah  
Whoa oh whoa oh  
One kiss and it seemed so right She took me down the road to ruin  
(Yeah baby)  
My head was spinnin' round  
(She took me down)  
Don't know what I'm doin'  
Back on the road to ruin Whoa oh whoa oh  
She said she'd be sweet this time  
Whoa oh whoa oh  
The devil was in disguise (She took me)  
She took me down the road to ruin

You know what I am talking about?  
My head was spinnin' round  
(She took me down)  
Don't know what I'm doin'  
Back on the road to ruin, yeaShe took me down the road to ruin  
(Yeah baby)  
My head was spinnin' round  
(She took me down)  
Don't know what I'm doin'  
Back on the road to ruinShe took me down the road to ruin  
(Yea)  
(I want to keep everything to the back of my mind)  
She took me down the road to ruin  
(She took my precious soul)  
Down, down, down  
Here we go again  
Back on the road to ruin
