

# One More Time

## Pretenders

You believed in me, when you had nothing to gain  
You stood by me, you walked out in the falling rain  
To find me, waiting in the shadows behind me Baby please, please  
Won't you do it one more time  
Do it one more time, do it one more time  
Please, won't you do it one more time You stayed when no one else would  
When I was delayed you understood  
I've done some low down things  
Alright but you said I was good  
I couldn't forgive myself but you could Won't you please, please  
Won't you do it one more time  
Do it one more time, do it one more time  
Please, won't you do it one more time I know I've made you promises  
Then I forget, I've let you down darling  
I'm forever in your debt, in my darkest hour I've  
Turned you out but when the mood has passed  
You came back inspite of me  
Saying "This love, this love was meant to last" Oh baby, won't you please  
Won't you do it one more time  
Do it one more time with feeling Oh baby, please  
Won't you do it one more time  
One more time, please  
Won't you do it one more time With feeling
