

Bottom Line

Martin Solveig

Bounce, c'mon, bounce, c'mon

Bounce, c'mon, bounce, c'mon

Bounce, c'mon, bounce, c'mon

Bounce, c'mon, bounce, c'mon

Rock, we're the heaviest, stop or you're gonna get

Caught, 'cause we never rest, drop this on ya

We're the heaviest, you would never wanna

Talk shit 'cause we come back to haunt ya

Rock, we're the heaviest, stop or you're gonna get

Caught, 'cause we never rest, drop this on ya

We're the heaviest, you would never wanna

Talk shit 'cause we come back to haunt ya

I rock heavy like a 70's icon

Led Zeppelin Stairway to Heaven, my mind's gone

Even though I only did acid twice

My rap's a vice, your head's in it ask the price

For you to be released and me to be happy

With all of your suffering I'm brutally crafty

Coming up with the best selections

To get inside of you like I'm a chest infection

Your best protection is to get down and drown

Remember that the members don't clown around

I'm found downtown with rolls of cash

My passion is smashing you disposable cats, I'm old fashioned

With swift abilities to lift and drop

And ambulant skill plus whip and chop

I dump on a chump and punk ya assoc ass

I'm done with rap, now I'm prepared to cash in

Rock we're the heaviest, stop or you're gonna get

Caught, 'cause we never rest, drop this on ya

We're the heaviest, you would never wanna

Talk shit 'cause we come back to haunt ya

Rock we're the heaviest, stop or you're gonna get

Caught, 'cause we never rest, drop this on ya

We're the heaviest, you would never wanna

Talk shit 'cause we come back to haunt ya

Ayo, I'm kick ass thick as a brick you bitch ass

Quick on the draw I come equipped with a pick axe

Rock solid, you cock-a-holics, I'm not gon frolic any longer

'Cause my crew's much stronger
Donkey Kong stomp, Pac-Man chomp
Attacking competition I'm back in my position
Pop off with the must stop opposition
You have to listen 'cause mad division of beauty and grace
See what I do to your face
Might be me, might be my friends
I might need an alibi it all depends
And I don't give a fuck if you don't like it, suck this
I'm a small giant, that's trying, dying to find success
You look upset stupid fuck-head
I'm locked, stocked, and loaded the most devoted
I'm a keep bringing the pain 'til your brains exploded
I'm motivated, voted and rated as one of the greatest
One of the most loved and hated and still haven't made it, ya know
Rock we're the heaviest, stop or you're gonna get
Caught, 'cause we never rest, drop this on ya
We're the heaviest, you would never wanna
Talk shit 'cause we come back to haunt ya
Rock we're the heaviest, stop or you're gonna get
Caught, 'cause we never rest, drop this on ya
We're the heaviest, you would never wanna
Talk shit 'cause we come back to haunt ya
I'm addicted to speed but not the drug
I lead by example my breed can hunt
Seen enough mayhem, step into the A.M
Weapons of contention for any given occasion
I attack with Battleaxe Warriors from the armory
Some of us kill you mentally; some of us hurt you bodily, heavy
A miracle of modern science
With the naturally passionate carnivorous diet, heavy
We're an anomaly, not a novelty
Enter at your own risk, private property
Do not trespass, beware of dogs
Bear traps, alarms, and a right to bare arms
Where laws ain't applied my jaws homicide
The water ain't safe whoever said it was lied
Rock we're the heaviest, stop or you're gonna get
Caught, 'cause we never rest, drop this on ya
We're the heaviest, you would never wanna
Talk shit 'cause we come back to haunt ya
Rock we're the heaviest, stop or you're gonna get
Caught, 'cause we never rest, drop this on ya
We're the heaviest, you would never wanna
Talk shit 'cause we come back to haunt ya
