

# Surrender (Peter Luts Remix)

## Lasgo

You say that I can't trust you  
I don't know  
Every time I'm near you  
I lose control  
I must be out of my mind  
To let you in  
Maybe I should try to find my strength within

It's only a matter of time  
And I will surrender  
Just give me a little more time  
To open my mind  
It's only a matter of time  
And I will surrender  
Surrender to you ..

Fears, I leave them far behind  
To resist you I don't know how  
Love sometimes can be unkind  
Should I lay my heart on the line now  
When temptation comes along  
I can't hide it ,I can't fight it  
Feelings inside are getting strong  
Do not deny it you've got it

Surrender  
Surrender  
Surrender  
Surrender

It's only a matter of time  
And I will surrender  
Just give me a little more time  
To open my mind  
It's only a matter of time  
And I will surrender  
Surrender to you ..
