Pop Drone

Cheap Trick

If I ever get back home again
If I ever get back to you
I won't care if the sun never shines
You're all I want to doAll that lays in front of us
Won't get left behind
'Cause I can see just fine around you-
Sorry I'm not colorblind
I can see just fine
You're all I wanna do-
I can see just fine around you
You're all I ever wanted to do-
Maybe I'm just colorblind
I can see just fine
You're all I wanted to-
Sorry I"m just blind around you
All I want is youIf I ever get back home tonight
If I ever get lost in you
I won't care if the moon never shines
You're all I wanna doAll that lays in front of us
Won't get left behind
'Cause I can see just fine around you-
Sorry I'm not colorblind
I can see just fine
You're all I wanna do-
I can see just fine around you
You're all I ever wanted to do-
Maybe I'm just colorblind
I can see just fine
You're all I wanted to-
Sorry I'm just blind around you
All I want is youSorry I'm not colorblind
I can see just fine
I can see just fine around you
Maybe I'm just colorblind
I can see just fine
Sorry I'm just blind around you
