Time And Season

Mxpx

There's a fire burning deep inside my heart
I wanna tell you all about it
I don't know where to start
Time is everything along with reason
Mood is everything along with time and season
Time is everything along with reason
Mood is everything along with time and season
Fire's burning deep inside my soul

Burning at the hate
And burning at the hole
Time is everything along with reason
Mood is everything along with time and season
Time is everything along with reason
Mood is everything along with time and season
