

# The Fault in Our Stars

## Kaysy Conundrum

The weight  
of a simple human emotion  
weighs me down  
more than the tank ever didThe pain  
it's determined and demanding  
to ache, but I'm okay . . .And I don't want to let this go  
I don't want to lose control  
I just want to see the stars with youAnd I don't wanna say goodbye  
someone tell me why  
I just want to see the stars with youYou lost, a part of your existence  
in the war, against yourself  
oh, the lights,  
they light up in lights of sadness  
telling you, it's time to goAnd I don't want to let this go  
I don't want to lose control  
I just want to see the stars with youAnd I don't wanna say goodbye  
someone tell me why  
I just want to see the stars with youDon't give it up just yet stay grand  
for one more minute, don't give it up  
just yet stay grandDon't give it up just yet stay grand  
for one more minute, don't give it up  
just yet stay grandDon't give it up just yet stay grand  
for one more minute, don't give it up  
just yet stay grandAnd I don't want to let this go  
I don't want to lose control  
I just want to see the stars with youAnd I don't wanna say goodbye  
someone tell me why  
I just want to see the stars with youWith you
