

# Keep Your Girlfriend

## Local H

Keep your girlfriend away from me  
's just some advice I'm giving you for free  
Wanna have everything I see  
So keep your girlfriend, keep your girlfriendKeep your girlfriend away from me  
I got no sense of camaraderie  
I've got a couple hits of ecstasy  
So keep your girlfriend away from meI will, here we go, yeah, I know how to get it  
I will, got no code and I wanna push the limits  
I will, get so low and I wanna wallow in it  
I will, so keep your girlfriend, keep your girlfriendKeep your girlfriend away from me  
Keep your girlfriend away from meDon't talk to me about honesty  
Don't talk to me about loyalty  
Don't talk to me about a goddamn thing  
Just keep your girlfriend away from meI will, here we go, yeah, I know how to get it  
I will, got no code and I wanna push the limits  
I will, get so low and I wanna wallow in it  
I will, so keep your girlfriend, keep your girlfriendI will, now you know, I've exposed my intention  
I will, got no soul and I love my infection  
I will, wanna know how it feels when she gives in  
I will, I will, I will, I willKeep your girlfriend away from me  
Keep your girlfriend away from meYeah, we're coming to the time when we reach the bitter end  
Everything is ripped and broken, everything is cracked and bent  
You won't ever know my mind, you won't ever comprehend  
This is nothing to do with your girlfriendI will, I will, I will, I will  
I will, I will, I will, I will  
I will, I will, I will, I will  
I will, I will, I will, I willKeep your girlfriend away from me  
Keep your girlfriend away from me  
Keep your girlfriend away from me  
Keep your girlfriend, keep your girlfriendKeep your girlfriend, keep your girlfriend  
Keep your girlfriend, I will, I will, I will, I will  
Keep your girlfriend away from me
