## **Home Alone**

## **Special D**

Today is the day School's out we're on holiday Mom and dad are not at home It's party time I'm home alone Ask all my friends to come Shake their bums and have some fun The party is over here (Put your hands in the air) All the ladies all around Gettin' jiggy on that sound So guys get on the floor Take a drink and rock some more The neighbors can not sleep 'Cause that stompin' an' pumpin beat The temperature is high Special D. makes you fly
