We Were Made for Each Other (Live In Japan)

Buck Owens

We were made for each other I'm for you (you're for me)
There will never be another I'll be yours eternaly
For as long as the world turns and the leaves of autumn fall
Long as there's a star in heaven I'll be waitin' for your call
We were made for each other(For as long as the wind blows long as summer follows spring
Long as winter brings the snowflakes I will love you constantly)
We were made for each other
No there will never be another I'll be yours eternaly
