Holy Ghost

ICELANDIA

[Verse 1]
Oh the great dove
Hearts are full and bursting through the windows
She is a-hovering / She is a-fluttering
Peace and virtues / Traded for the haunting of a ghost
Now watch her go

[Chorus (v. 1)]
Holy Ghost caught spooking all my old friends
Tell me how do you see shrouded by a little white sheet
You were born in cathedrals but I know now
Skin and bones wonâ€™t hold this soul down

[Verse 2]
Oh the morning dove
Trading in stained glass for stained hearts
I am a-shivering / I am a-chattering
Vice for virtues / Let the choir sing it in reverse
And watch me go

[Chorus (v. 2)]
Holy Ghost caught spooking all my old friends
Tell me how do you see shrouded by a little white sheet
You were housed in cathedrals but I know now
Skin and bones wonâ€™t hold this soul down

[Bridge]
Suddenly Iâ€™m holding on to everything I know

[Chorus (v. 2)]x2

[Chorus (v. 3)]
Holy Ghost caught spooking all my old friends
Tell me how do you see shrouded by a little white sheet
You were housed in cathedrals but I know now
Sticks and stones wonâ€™t hold this soul down
