If you're fond of sand dunes and salty air,
Quaint little villages here and there.If you're fond of sand dunes and salty air,
Quaint little villages here and there.If you're fond of sand dunes and salty air,
Quaint little villages here and there.If you're fond of sand dunes and salty air,
Quaint little villages here and there.If you're fond of sand dunes
If you're fond of sand dunes
If you're fond of sand dunes
If you're fond of sand dunesIf you're fond of sand dunes and salty air,
Quaint little villages here and there.If you're fond of sand dunes and salty air,
Quaint little villages here and there.If you're fond of sand dunes and salty air,
Quaint little villages here and there.If you're fond of sand dunes and salty air,
Quaint little villages here and there.
