Alive

Edwin

It feels so good to breathe the air
Another spin around the sun
On this spec of life in the universe
The gift of love is there for everyoneAngels working overtime
Day or night to hold the hands that play all alone
A baby's born pure to the world
As the old man lays down his head and closes his out
With nothing saidEvery year another promise is made
A pint of beer raised towards a better day
Let's find a star, a star to call our own
And make a wish, maybe we can make it homeAin't it good to be alive?
To feel the sun, strong against your face
Strawberry blond waves of silky hair
Spills over me like the milky wayAin't it good to be alive?
Ain't it good to be alive?Alive, alive
Alive, aliveAin't it good to breathe the air
Another spin around the sun
On this spec of life in the universe
A little peace of life in everyoneAin't it good to be alive?
Ain't it good to be alive?To feel the sun strong against your face
It spills over me like the milky wayAlive, alive
Alive, alive
