

Those Of The Unlight (live)

Marduk

The nineBlasting through the earth as a storm
Spreading their dark coldness
Evolved into creatures that existed at the edge
At the edge of this world and the realm of the shadows
Resisting death, yet unable to die
Magically clung to lifeForever dying but never dead
The nine - Those of the unlightFrozen on the very brink's of death
Enslaved by the dark lordForever dying but never dead
The nine - Those of the unlight
A shadow of the great evil that prolonged his existence
A shadow creature - forever dying but never dead
