

# Georgia Peaches

## Lynyrd Skynyrd

Well, you can see her walkin' down on Peachtree Street  
She got high-heeled shoes and a dot on her cheek  
She's lookin' good, she's headed downtown  
Ain't got no money, honey, she knows her way around  
I think she's cute, think she's cute as she can be  
Talkin' about a funny talkin', honky tonking Georgia peach  
Well these Georgia Peaches, son, they know their  
way around  
They can take your money, son, before you get sight of town  
Well they talk a little funny, but they look so fine  
Yes, nine out of ten of them gonna sell you a dime  
I think they're cute, think they're cute as they can be, ooh  
yeah  
I'm talkin' about a funny talkin', honky tonking Georgia peach  
Well, peaches, peaches  
Love them Georgia peaches  
Peaches, peaches  
Love them Georgia peaches  
Well them Georgia peaches, sure do got the style  
They'll steal your heart with a Southern smile  
Well they talk a little funny, but they look so fine  
The older they get, oh Lord, I swear it's like good wine  
I think they're cute, think they're cute as they can be  
Talkin' about a funny talkin', honky tonking Georgia peach  
Talkin' about a funny talkin' Georgia peach
