Intro

HeyHiHello!

I must be dreaming
I must be fast asleepif you wondered how I've been ever since that car crash
a tragedy that no one could have survived
with broken bones, I struggled home filled with safety glass
my heart near death, but my love was still alive
so aliveI'm alive and breathing
but it's not too late you see
all of these visions of the end won't get the best of me
the silver lining is that I survived
while the rest are busy dying
I can see the brighter lightsare alive and breathing
but it's not too late you see
all of these visions of the end won't get the best of me
the silver lining is that I survived
while the rest are busy dying
I can see the bright lightsI must be dreaming,
I must be fast asleep
I must be dreaming,
I must be fast asleep
