

Lights

Angelzoom

Right from the start
Back to the ancient time

The lights of the night are shining
When the light of the day is gone
In spite of the dark tonight
In my heart there shines a light

The stars are there
For all to see and not to reach

Where they came from
And who we are
To bring one down

The lights of the night are shining
When the light of the day is gone
In spite of the dark tonight
In my heart there shines a light

The lights of the night are shining
When the light of the day is gone
In spite of the dark tonight
In my heart there shines a light

The lights of the night are shining
When the light of the day is gone
In spite of the dark tonight
In my heart there shines a light
