

# Dream On

## Pretty Maids

Packed my troubles in a suitcase  
I was heading for the door thinking  
I don't wanna know about it You said you've had enough  
Well I guess baby, I'm out of luck now  
I don't wanna know about it Hey girl, you took my time  
Played your tricks  
And stole my wine  
I don't wanna know about it Smile and cheat on me  
Crazy little woman, are you feeling free now  
I don't wanna know about it You had me waiting  
But you deserted me  
Anticipating  
Love in the first degree  
We rode the storm  
We got through heavy weather  
Who's gonna be the one  
To put the pieces back together Dream on dream on  
Desperation taking over  
Dream on dream on all night  
Dream on dream on  
Got a hard time staying sober  
Dream on dream on all night  
Dream on Well I've been running from the heartache  
Threw your photographs away  
Trying to forget is really not that easy baby  
Can't help going insane  
Love is going down the drain  
I don't wanna know about it I was waiting  
But you deserted me  
Anticipating  
Love in the first degree  
We rode the storm  
And got through heavy weather babe  
Let's put the pieces back  
Back together [Chorus] Still feel this temptation  
Won't live in isolation  
Can't fight it  
Your love  
Once you chilled me to the bone

Tell me how to break this heart of stone  
Break this heart of stone  
Tell me how to break it
