Gallant Christians

Eschatos Bride Choir

Gallant Christians children,
guide us Christians heroes,
who so gave up their life for their faith,
One by one they came to Christ, who made them brothers,
Brothers born again and all were saved.

Hallelujah hallelujah,
Singing through the fiery den,
These great Christian children never,
never gave up, keeping Christ in you and danger ons.

Through great carrying pain,
And through great merciless killing,
These great children saw the gauge of heaven. (no one)
Not one ever changed his mind
.....(something walk) Through the fire
All were free and joyful in the Lord.

Hallelujah hallelujah,
Singing through the fiery death,
These great Christian children never,
Never gave up, keeping Christ in you and danger ons

hail you gallant mightiest,
Hail you gallant children,
Your display and victory will remain,
Your strong faith and courage, showed this brutal killers,
How God saves the ascend souls of men.

Hallelujah hallelujah
Singing through the fiery death,
These great Christian children never,
Never gave up, keeping Christ in you and danger ons

One big curious killer came down,
On ye fuming beating, flogging, hissing at the saints,
He could not believe it, his lovely son so dear, had been brought for killing something bad?

Hallelujah hallelujah

Singing through the fiery death,
These great Christian children never,
Never gave up, keeping Christ in you and danger ons

This small Christian children made one same(or sane) decision never plead for mercy nor retreat,
Clinging on to Jesus, those boys never trembled,
Their redeemer Jesus stood a knight

Hallelujah hallelujah
Singing through the fiery death,
These great Christian children never,
Never gave up, keeping Christ in you and danger ons

Yes now Christian brothers,
Step down for confession,
As we bid for Christ to bless the saints,
God may pardon every sin we will repent on
in Christ all are saved by Grace alone

Hallelujah hallelujah
Singing through the fiery death,
These great Christian children never,
Never gave up, keeping Christ in you and danger ons
