

# I Can Go (Tapioca & The Flea Remix)

## White Arrows

He never know what happened before  
I saw your name and I couldn't be sure  
    Yeah you know it'll happen again  
    Sitting down with a horse in the rain  
        Didn't see him at your home  
    He got no money and you're all alone  
        Know what here we go again  
    It happened once it'll happen again  
    Leave me alone when you call my house  
    Leave me alone when you call my house  
        Say, I can go  
        I can go  
    Leave me alone when you call my house  
    Leave me alone when you call my house  
        Say, I can go  
        I can go  
    Fool me once she fool me again  
    He was always around my friends  
    I'm away and I'll never come home  
        I'm in a desert all alone  
        Walking all freakin night  
    I took 'shrooms before my flight  
    Freaking out and got all scared  
        Like insects weren't there  
    Leave me alone when you call my house  
    Leave me alone when you call my house  
        Say, I can go  
        I can go  
    Leave me alone when you call my house  
    Leave me alone when you call my house  
        Say, I can go  
I can goStarted mesmerizing tell me I got to see it all...  
Can't catch the colors, and it turns into another  
    Leave me alone when you call my house  
    Leave me alone when you call my house  
        Say, I can go  
        I can go  
    Leave me alone when you call my house  
    Leave me alone when you call my house

Say, I can go

I can go
