Blind Date Girl

Duff McKagan's Loaded

She's my super freaky, blind date girl
Gonna be alright
She's my super freaky, blind date girl
Keep me up all night
AlrightAn old friend came to me
and said he knew this girl
Could I show her the town
and did I have some time to kill
She walked up to me, I began to slip
She got what I needed, I began to trip
Whatcha gonna doShe's my super freaky, blind date girl
Gonna be alright
She's my super freaky, blind date girl
Keep me up all night
She came out here from New York,
running from a fucked up life
She said that she wants more, and I do her just fine
Now she's talking to me, I began to slip
Yeah, she's got what I need, I began to trip
What was I to doShe's my super freaky, blind date girl
Gonna be alright
She's my super freaky, blind date girl
Keep me up all nightWhat's the problem, baby
What's tearing your
There must be something I can do
Why you crying baby
Yeah, why you blue
I know there's nothing wrong with you
She's my super freaky, blind date girl
Gonna be alright
She's my super freaky, blind date girl
Keep me up all night
She's my super freaky, blind date girl
I got nothing to lose
Super freaky, blind date girl
I think I'm falling for you
Blind date girl
