Own Little World (Diffused Mix by Animattronic)

Celldweller

Mutual sight, Mutual sound
Mutual struggle, for shared ground
It's safe, to say, they'll try to take from me
I'm just another one for them to break downSteeped in denial, the daily grind
Dream of a world for me and my kind
It's safe in the alternative reality
So stick your standards where the sun doesn't shineThey're for themselves, it doesn't matter what they say
Promise the world then take it from you anyway
They'll break you down making your vision fadeaway
It's time to go: get outta my spaceWelcome to a world where the air I breathe is mine
There's nothing to overwhelm me and nothing to cloud my mind
Be anyone, do anything I'd ever want to try
Time doesn't exist here, I will never dieExplain the reasons, Explain the rhymes
It's not required, inside our minds
It's safe to try, no need to justify
Or take their guilt trip at the end of the line.They're for themselves, it doesn't matter what they say
Promise the world then take it from you anyway
They'll break you down making your vision fadeaway
It's time to go: get off of my caseWelcome to a world where the air I breathe is mine
There's nothing to overwhelm me and nothing to cloud my mind
Be anyone, do anything I'd ever want to try
Time doesn't exist hereSlip into a world where the air I breathe is mine
There's nothing to overwhelm me and nothing to cloud my mind
Come with me into it and you know what you will find
Time doesn't exist here, I will never die(My Own Little World)They're for themselves, it doesn't matter what they say
It's time to go: get out of my faceWelcome to a world where the air I breathe is mine
There's nothing to overwhelm me and nothing to cloud my mind
Be anyone, do anything I'd ever want to try
Time doesn't exist hereSlip into a world where the air I breathe is mine
There's nothing to overwhelm me and nothing to cloud my mind
Come with me into it and you know what you will find
Time doesn't exist here, we will never die(Our Own Little World)
