

Underdog World Strike

Gogol Bordello

I am a foreigner and I'm walking through new streets
But before I want to I see the same deeds
Inherited by few a power machine
That crushes you and strangles you right in your sleep But be it me or it's you, the leisure class
I think we all know
That be it punk, hip hop, be it a reggae sound
It is all connected through the gypsy part of town Let's go
It's the underdog world strike And let your Girl Scouts lip-synching about the freedom
Just the way you like them but soon enough you'll see them
Soon enough they all turn around
And soon enough you'll see them in a different part of town But be it me or it's you, the leisure class
I think we all know
That be it punk, hip hop, be it a reggae sound
It is all connected through the gypsy part of town Let's go
It's the underdog world strike
