

# Stuck In Here

## Filter

Once again I'm stuck in here  
Once again I'm in low gear  
Once again I have a fear  
Once again I'm stuck in here Hey just close the door  
Think back and just ignore  
Hey just close your eyes  
Think back and realize Oh no, I'm stuck in here  
Oh no, still stuck in here  
What makes you think that it's okay?  
Don't start it off, don't relate Take the job but not the pay  
Forget the hours but not the day  
Hey just close your eyes  
Think back and realize
