

Mama Talk to Your Daughter

Robert Palmer

Talk to your daughter

(J beLenoir)

Mama, mama please talk to your daughter bout me

Mama, mama please talk to your daughter bout me

She made me love her and I ain't gonna leave her be

You should talk to your daughter (talk, talk)

You should talk to your daughter (talk, talk)

You should talk to your daughter (talk, talk)

You should talk to your daughter (talk, talk)

She made me love her and I ain't gonna leave her be

I ain't gonna stand no quitting and she won't have me around

I ain't gonna stand no quitting and she won't have me around

If she got me a ride, she'd be six feet in the ground

You should talk to your daughter (talk, talk)

You should talk to your daughter (talk, talk)

You should talk to your daughter (talk, talk)

You should talk to your daughter (talk, talk)

She made me love her and I ain't gonna leave her be

You should talk to your daughter (talk, talk)

You should talk to your daughter (talk, talk)

You should talk to your daughter (talk, talk)

You should talk to your daughter (talk, talk)

She made me love her and I ain't gonna leave her be
