Vicious World

Rufus Wainwright

Thought that maybe we'd fall in love over the phone
Thought that maybe I'd really love being alone
Everybody but Heaven knows how I was wrong
Oh Lord, what have I done to myself?
What have I done to myself?
In this vicious world
Such a vicious world
There isn't anything you can do
In this vicious world
Sucking on the ice, makin' eyes all by myself
Didn't realize you were so top of the shelf
Just you wait and see when you turn, turn 23
Oh Lord, what have I done to myself?
What have I done to myself?
In this vicious world
Such a vicious world
There isn't anything you can do
In this vicious world
Such a vicious world
There isn't anything you can do
In this vicious world
There isn't anything you can do
In this vicious world
