Snapper

Charles Wilson

(Talk)
I want to tell yawl about this woman I met
Listen to what Iâ€™m about to tell you, Listen

(First Verse)
Never thought any woman can get a hold of me
Until I ran into a powerful love technique
She can make that thang rare up and leap
Snatch you up knock you off your feet

(Chorus)
That snapper
Grips grabs and bite
That snapper, hey
Bring a dead man back to life
Lord have mercy

(Second Verse)
I use to make a woman, moan scream and boil
One hit of that snapper she got me climbin the walls
Caught me off guard I was totally unaware
Now she got me whooped with what she got up under there

(Chorus)
That snapper
Grips grabs and bite
Let me tell yawl
That snapper, hey
Will bring a dead man back to life

(Bridge)
You can twist and turn but it aint no use
Once it grabs a hold you canâ€™t turn it loose
All you can do is hold on tight
Sheâ€™ll have you hooked the way that snapper bites

(Third Verse)
When she works it on me my whole body tremble
I try to walk but my legs are too limber
It can make a deacon stop going to church

Make a preacher lay his bible down
Start to drink and curse

(Chorus)
That snapper, Let me tell you
Grips grabs and bite
Oh Lord
That snapper, hey
Snap a dead man back to life

That snapper
Grips grabs and bite, I declare
That snapper, hey
Will bring a dead man back to life

Oh the snapper
She snap me back to life
She knows what to do
Aww the girl knows how to snap me right
She put something good, good on me
I can even feel it, feel it in my sleep

That snapper
That snapper, I declare
About three times strong than a boogabear
That snapper

(Talk)
Now I know some of yawl out there done had some
Now ladies how many of yawl have one
If you feel you have a snapper
I want you to put your hands right here
Fellas, I said fellas
(Sing)
You better be ware, I declare you better be aware of that snappin boogabear
