# Life Has Just Begun

## Spirit

Oh hey, Kiowa
I know your name
Catch me a glancing with one of your eye
So much we are chancing if we said goodbye, ohhSoftly say you'll be my bride and
Our hopes all sun and feel, ahh
Say you'll always be here by my side
With the hopes all constantly, ohh weWalked in the dream and we knew it was
Married in the dreams
Strange as it seemed that we knew because
Because life has just begun
Life has just begun, life has just begun
Because life has just begunHey Kiowa, I know your name
Hey Kiowa, I know your name
Walkin' in that sunny hour
(Hey, Kiowa)
I even know your names Atowa
(I know your name)
No war on the rocky hour
(Kiowa)
I meet some people of desire
(I know your name)
