All Along the Crooked Way

Inkubus Sukkubus

Underneath the darkened sky
All along the crooked way
The same story once again
Of sorrow and of pain
One fool in a dream
One black-hearted queen
A tale of unrequited love
That's written in tears, written in blood
She smiles, he cries
He begs, but she denies
As tonight becomes tomorrow
All joy will turn to sorrowThis is a tale of a succubus
A tale of love, pain and lust
A cheated heart and the broken trust
And death, and death!Ashes to ashes, dust to dust
Where there's love, there is lust
Where there's a boy to give his heart
There's a woman to tear it apart
Where there's giving, there's taking
There's faking, and there's breaking
Where there's trust deceit's right there
The dream becomes the nightmare!This is a tale of a succubus
A tale of love, pain and lust
A cheated heart and the broken trust
And death, and death!To despair she'll take him
A shadow she'll make him
Before him, the open grave
On his wrist, the razor blade
Young man, hang your head and cry
It's time to suffer,it's time to die
Abandon you the dreams of youth
Abandon love, hope and truth!This is a tale of a succubus
A tale of love, pain and lust
A cheated heart and the broken trust
And death, and death!She will crush you, she'll excite you
She'll destroy you, she'll ignite you
She'll take you to a world of darkness
And death, and death!On a night of dread and wonder
Hear her heartbeat turn to thunder

Now's the time for soul surrender
And death, and death!
