Love Is for Me

The Meters

Skin so soft
Smile so new
It's all these things
I see in youHearts' so warm
And you're mind's so clear
It's things like these
I see in you my dearI believe everything about you baby
(I believe x10)So many things in you
To appreciate
Like an impatient child
I can hardly waitMy silent love (love) is goin' round?
Because of you girl,
I'm so proud (baby)
It don't matter how foolish I might soundIt would be even more senseless not havin you aroundI believe everything about you baby
(I believe x10)Love is for me
You oughta' be
Right here in my loving armsPlease don't you wait
Don't hesitateTurnin' on your love?
Turnin' on it mama
Give me your lovin' babyI don't mean
To impose on you
Such a prize to my eyes
What else could I doHelp me climb the mountain
Of success
The cliff that leads
To your happinessI believe everything about you baby
(I believe x7)Love is for me
You oughta be
Right here in my lovin' armsPlease don't you wait
Don't hesitate
Turnin on your loveLemme break it downLet me love you baby
That's the part I wanna doGive me your sweet, sweet sweet loveGot to give it to me
I really do love you (x2)
Said I know you're mineSweet sweet sweet lovin'
