## Puscifer

Wake up son of mine  
Momma got something to tell youChanges come  
Life will have its way  
With your pride son  
Take it like a manHang on son of mine  
A storm is blowing up your horizonChanges come  
Keep your dignity  
Take the high road  
Take it like a manListen up son of mine  
Momma got something to tell youAll about growing pains  
Life will pound away  
Where the light don't shine son  
Take it like a manSuck it up son of mine  
Thunder blowing up your horizonChanges come (Changes come)  
Keep your dignity (Keep your dignity)  
Take the high road (Take the high road)  
Take it like a man (Take it like a man)Momma said like the rain (This, too, shall pass)  
Like a kidney stone (This, too, shall pass)  
It's just a broken heart, son  
This pain will pass away
