

Maddening Shroud

Frou Frou

Sometimes I like to get away
From this maddening shroud
Sometimes I love, you know, it's all insane
Maybe it's time for me to pack it in
Maybe it's time for me to track it in
Maybe it's time for me to hold
I've got a good mind to throw it all away
Throw it all away, throw it all away
I've got a good mind to throw it all away
After all, what is it worth?
Sometimes I like to get away
From this saddening crowd
Sometimes I feel my life is all in vain
Maybe it's time for me to pack it in
Maybe it's time for me to track it in
Maybe it's time for me to hold
I've got a good mind to throw it all away
Throw it all away, throw it all away
I've got a good mind to throw it all away
After all, what is it worth?
Some days my strengths walks out
Some days I can't go out, it is for real
We can walk about, we can work it over
And over and over and over and over and
I've got a good mind to throw it all away
Throw it all away, throw it all away
I've got a good mind to throw it all away
After all, what is it worth?
I've got a good mind to throw it all away
Throw it all away, someday, throw it all away
I've got [Incomprehensible] throw it all away
After all, what is it worth?
