Adventure

Matthew Parker

You and me, we found adventure.
I never dreamed that you would change my world forever.
But here we are (Here we are) I'm ready to conquer.
Ready to fight injustice like I'm fighting monsters.
Life is black and blue, happy then it's sad.
Just call it an adventure then it ain't so bad.

(Chorus)
Together we touch the sky
Where ever we go we fly
Forever we know adventures in the air tonight. (X2)
Our dreams will come alive.

You and me, we found adventure.
In a land of buried minds, and buried treasure.
And this could be, my last adventure.
But I will take it, whether it be pain or pleasure.

Life is black and blue, happy then it's sad.
But if you call it an adventure then it ain't so bad.

(Chorus)

This is, heaven, this is, living, together we touch the sky.
Awoah
This is, heaven, this is, believing, our dreams will come alive.

(Chorus)
